

BOZ announcement to NZX

17th March 2009

Listed Company Relations
New Zealand Exchange Limited
announce@nzx.com

The Board of Botry-Zen Limited (BOZ) is pleased to announce that for the first time in the company's history sales for the 1st April 2008 to 28th February 2009 period have surpassed the \$500k level. This, with a month to go of our sales season, signals strong sales performance for our products.

Promising statistics are also coming out of our factory with production of our biological fungicide BOTRY-Zen surpassing 2 tonnes for the calendar year to date. This compares very favourably with the 7.5 tonnes prepared in the whole of the previous calendar year and suggests that our initiative "Moving from Innovation to process" is making a difference.

The board and management are evaluating options for securing extra working capital to allow the company to build on this position for the next season.

Stephen Higgs
Chairman
On behalf of the Board of Directors
